

Walk-in Policy (State Grantees Only)

If you want to be in the next class..... But classes are filled:

Try being a "Walk-In". Grantees do not have a standby list.

- Any scheduled student not present at the start time has forfeited their seat in the class, as well as their tuition and no refund will be given.
- Walk-ins may fill any “no-show” openings by being at the class location at least 15 minutes before the class starts.
- You **must bring and show your Temporary Permit** (Temporary Instruction Permit Identification Card) or endorsement to the instructor before starting class.
- Instructors will use a lottery process to fill any openings at the start time of the class.
- **Minors** under 18 years of age and active military have priority over other walk-ins for the Basic Rider class. Minors must have a parent or guardian sign a release and waiver form before any riding exercises. [Download Waiver](#) **Military** will be required to show active military I.D.
- If there is only one walk-in spot available, the instructor will have to draw to see who is in the class.

All students (minor and adults) need to complete a registration form provided by the instructor, and pay the non-refundable registration fee. This payment can be paid by credit or debit card – American Express, Discover, MasterCard or Visa.

NO cash accepted.

If a student registered for a later class gets in through the lottery, the confirmation waiver for the class that has yet to happen must be presented to show proof of payment or you must pay again.

Any student who has missed a class and is getting into a class through the walk-in process must pay again.

Motorcycle Ohio encourages walk-in students to audit the class (at no charge) with the possibility of a no-show on the first morning of the range exercises. Full course payment must be paid prior to the riding portion of the course. The walk-in process does not guarantee a student getting into the class.
